HELD UP THE TRAIN.

Masked Men in Indiana Stop a Train Near Chicago.

OBTAIN NO MONEY.

They Cut Out the Wrong Cars and Blew up a Mail Car for the Express Car—The Mistake Saved \$50,000 Cash.

Chicago, Aug. 1.—The Baltimore and Ohio passenger train from the east was held up by five masked men at 6 o'clock last night between Edgemore and Grand Calumet Heights, Ind., 30 miles out of Chicago. One of the mail cars which contained no money was dynamited and wrecked.

The attempt at robbery was made after the two mail cars had been detached from the train and ran a quarter of a mile ahead. The failure of the robbers to make a rich haul was due to the fact that the express car, which contained the train's treasure was in an unusual place. It was the third car in the train.

After wrecking the mail car and obtaining no booty the robbers disappeared without attempting to rectify their mistake. The only loot they carried away with them as a result of their adventure was a gold watch of the engineer. Most of the trainmen were shot at and had narrow escapes from the bullets. No person was injured.

The place where the robbery occurred is a lonely district in which few people live and houses are far between.

The train was running at a high rate of speed as it passed Calumet Heights and immediately after passing the station Engineer Collins saw directly in front of his engine a large fire on which some rails had been placed. He slowed down, as he did so three men wearing masks over their faces jumped into the cab and covered Collins and his fireman James Whipple, with revolvers.

Just before climbing into the cab the three men commenced to fire with their revolvers in order to frighten away all assistance. The shots produced a panic in the sleeping cars, where the passengers made every effort to hide their money and valuables, before the robbers could get at them. No attempt was made to rob any of the passengers. The fusillade had the effect of making them keep inside the cars.

Local express officers refused to say how much money there was in the car.

It is estimated that \$50,000 was stored in the express car and it is believed the robbers knew of the large amount of money and valuables aboard.

Some Suspects Arrested.

Chicago, Aug. 1.—Detectives hunting for the men who held up the Baltimore and Ohio limited 30 miles from Chicago, arrested three men in the woods east of Miller's Station, Ind. They were hovering around a bonfire when seen. They gave their names as Edward McCoy, John Becker and Albert Israelson, and all declared that they were sailors. At Albion, Ind., four other men were taken in charge by officers as suspects. The holdup occurred between Miller's Station and Edgemoor, Ind., and the country for miles around is scoured by squads of officers.

Three Bystanders Wounded.

Denver, Aug. 1.—During a street duel here between Barney and Sam Boyce, brothers of Denver, on one side, and Charles Jasper of Texas on the other, three bystanders were wounded, although none of the principals were hurt. The cause of the fight was a trivial quarrel. The fight occurred on one of the busiest corners in the city.

Sheridan May Be Pardoned.

Havana, Aug. 1.—It is expected the military government will grant a full pardon to John Sheridan, convicted of misappropriation of Cuban postal funds. The secretary of justice has reported favorably upon his application for clemency.

Electoral Bill Adopted.

Havana, Aug. 3.—After a lively debate the Cuban constitutional convention adopted the electoral bill as submitted by the commission as a whole. Discussion of the various articles will now begin.

Typhoid Fever Epidemic.

Chicago, Aug. 1.—Typhoid fever is on the increase in Chicago, and the health officials are inclined to trace it directly to the bathing beaches which have been recently opened, and to the recent rains.

NEWS IN BRIEF.

Improvements to cost \$75,000 will be made soon in the St. Joseph, Mo., custom house.

The annual meeting of the state secretaries of the Southern Baptist convention is in progress at Nashville, Tenn.

SCHLEY TURNED DOWN

His Request for Modification of the Specification Denied.

THE REASON GIVEN.

The Department Alleges That Schley Acknowledged He Had Disobeyed Orders, Therefore the Demand Was Not Granted.

Washington, Aug. 1.—The navy department has refused to accede to Admiral Schley's suggestion that the language in the fifth specification of the precept to the court of inquiry be modified. The admiral in his letter challenges that specification which states as a fact he had disobeyed orders and suggested it be modified. The department in reply declines to make the suggested modification on the ground that according to official records Admiral Schley himself acknowledged he had disobeyed orders. The disobedience of orders was an established fact, whether unwillingly or willingly.

Two Soldiers in Trouble.

Atlanta, Aug. 1.—Two United States soldiers, stationed at Fort McPherson Barracks, went to the home of Julia Whitfield, a respectable woman, living near the fort Wednesday night and after driving her from the house set fire to it. The house occupied by the woman and an adjoining house which was vacant burned to the ground. One of the soldiers was traced to Fort McPherson. The officer of the day placed him under arrest. The identity of the other soldier has not yet been discovered. The attack on the woman is said to have been entirely unprovoked. The crime of arson is a hanging one in Georgia.

Charged With Mayhem.

Muncie, Ind., Aug. 1.—The police have arrested Peter Tillberry for throwing carbolic acid in the face of Mary Torrence at the home of Kate Phinney, and the man was jailed on the charge of mayhem, which is punishable with a penitentiary sentence of 2 to 14 years. His victim will lose but one eye from the assault. The man is 48 and wanted the woman, who is the same age, to marry him. She refused and hedashed the acid into her face. He claims he was drunk.

Lawson Makes a Big Offer.

Newport, R. I., Aug. 1.—If the tale circulated among yachtmen here is true, Thomas Lawson has promised his crew \$100,000 if the Independence defeated the Constitution and the Columbia. The Constitution being out of the race, it is declared the offer holds for the defeat of the Columbia alone in the present series. This extraordinary amount of race money would give each member of the crew about \$2000.

Manila Harbor Improvement.

Manila, Aug. 1.—Of the five bidders for the improvement to Manila harbor, two were not entertained because of non-compliance with conditions. The Atlantic-Gulf Pacific Dredging company was apparently the lowest, for work exclusive of the dredging of the Pasig river, the bid being approximately \$1,957,000. The figures for rock work considered.

Telegraph Line to Dawson.

Ottawa, Ont., Aug. 1.—Direct communication by telegraph between Ottawa and Dawson City has been established. The several sections of line to complete the system are from Ashcroft to Quesnel, 220 miles; from Quesnel to Hazelton, 400 miles; from Hazelton to Telegraph Creek, 350 miles and 570 miles from Atlin to Dawson, making in all 1754 miles of line.

Clearing Country of Boers.

London, Aug. 1.—The military situation is slowly but surely improving for British clearance operations. The various columns are emptying one district after another and the Boer bands are being decimated by slaughter and capture of stragglers. It is estimated the British are feeding 33,000 prisoners and nearly 30,000 refugees.

San Francisco Strike.

San Francisco, Aug. 1.—The third day of the strike opened with no decisive change in the situation, though the outlook for a settlement has improved. The City Front Federation, which controls the men now out, has submitted a basis for the reestablishment of peace propositions, which it is hoped will be accepted by employers.

May Visit Ireland.

London, Aug. 1.—It is believed the king and queen will visit Ireland next April, and probably will open the international exhibition which is being organized in Cork. The king has already paid six or seven visits to Ireland. He first went there with his parents in 1849 and his last visit was in 1851.

A Memphis paper well says that Admiral Sampson could have taken dispatch boat and gone away in it, leaving the New York in firing distance when the Spaniards came out. Schley made no such blunder, and Sampson's act seems inexcusable in the light of what might have been expected to happen, and what actually did occur.

The medical world has fought microbes and germs for so many years; has had swamps drained and garbage burned and invented microbe poisons and germicides innumerable, but has just now found out where the trouble lies—that the mosquito has been the main instrument in propagating fevers. The mosquito is now to be suppressed.

PORTO RICO CONDITIONS.

Money Scarce, but the People Are Gradually Forging Ahead.

New York, Aug. 1.—Frederick L. Cornwell, the only American holding an elective office in Porto Rico, is in the city with a party of Porto Rican merchants and financiers. Mr. Cornwell is a young Missourian. He has been elected to the lower branch of the Porto Rican legislature, which is composed of 35 members, and he is chairman of the judiciary committee. He is a member of the law firm of Holton & Cornwell of San Juan and Mayaguez.

One of the men in the party with Mr. Cornwell is S. O. Charpentier, president of the French railway in Porto Rico. Mr. Charpentier is here to consult with the Havemeyers relative to the establishment of a great central sugar factory near Arecibo.

"This year," said Mr. Cornwell, "the sugar crop was worth \$8,000,000. Last year it amounted to only \$5,000,000. Next year it will probably be worth \$12,000,000."

"There is no money on the island. The circulation is \$1.75 per capita. There is great want, as Porto Rico has not yet recovered from the terrific cyclone. It destroyed fully one-half the coffee plantations. This year we will have a 60 per cent coffee crop."

"Tobacco growers have not been encouraged since the American occupation. They turn out cigars there for \$8 a 100 that cannot be equalled here for \$12. When the business is properly pushed the Porto Rican cigar will crowd the Havana out of the market here."

"We have 850 public schools now in operation, and the children are being taught English as well as Spanish. Few Porto Ricans speak English. In the lower branch of the legislature all the debates are in Spanish."

"There are fewer Americans on the island than there were a year ago, but most Americans who went there with capital have done well."

THE OLD VERMONT.

She Will Be Towed Out to Sea and Destroyed by Fire.

New York, Aug. 1.—While the decision of the navy department as to what disposition shall be made of the receiving ship Vermont, now stationed at the Brooklyn navy yard, has not been announced, it is considered probable that the hulk will be towed out to sea and burned. The vessel has been in service at the yards for many years and the announced decision of the department that she is unfit for use and soaked with disease germs marks the closing of a record of usefulness.

The Vermont brought with her to Brooklyn one of the most glorious records of any of the old sailing frigates of the navy of which the Franklin, Washington, Independence and Richmond are types, and she bears the scars of many a conflict.

The Columbia which is to replace the Vermont cannot accommodate as many men as the Vermont and therefore the department will have to make other plans for handling new recruits at the navy yard. It is thought that permanent barracks will be built on shore.

The Ticket Nominated.

Columbus, Aug. 1.—The following ticket was nominated last night by the Democratic party under the leadership of Mr. Groot:

Governor—Dr. Rudolph Reemelin. Lieutenant governor—Henry C. Cordey.

Supreme judge—Rial M. Smith. State treasurer—J. C. Sheppard. Attorney general—S. L. Clark. Clerk supreme court—Chas. Bonsall. Member of the board of public works—R. B. Connell.

The only one of the nominees in attendance at the convention was Dr. Connell, who lives in Columbus.

It was decided to call the organization "The Progressive Democratic Party."

Clark Will Not Accept.

Youngstown, O., Aug. 1.—Stephen Clark, nominated for attorney general on the Groot Democratic ticket when asked if he would accept the nomination said: "Not any of it in mine. I was not aware my name was being used and my name will not appear on the ticket as I am not in sympathy with the movement."

Bombarding for Rain.

Lincoln, Neb., Aug. 1.—Four miles northeast of this city 24 mortars posted on a 20-acre tract are being fired at minute intervals in the hope that the result will be a downfall of rain. W. F. Wright, former deputy food commissioner is the manager of the enterprise. Mr. Wright is the originator of the "special vibration" theory of rain making and for several years has unsuccessfully espoused a legislation appropriation to put his theory into practice. Mr. Wright says he will continue the bombardment until rain comes or he has exhausted his supply of several thousand rounds of gunpowder.

Charged With a Killing.

Ardmore, I. T., Aug. 1.—Deputy Marshal Brook arrested and lodged John Thrasher and Will Edwards in jail here on a charge of killing Frank Frazer at Atleo on July 23. The men were later released on bond.

More Anti-Foreign Demonstrations.

Canton, Aug. 1.—Violent anti-foreign placards emanating from the boxes have been posted in the vicinity of the Christian chapels. Placards protest against the imposition of the house tax.

Church Commission Dissolved.

Havana, Aug. 1.—The commission appointed to consider church claims to property in Havana and Santiago has been dissolved.

THE BOOKS TANGLED.

Phillips Company Transfers its Holdings to Another Firm.

Chicago, Aug. 1.—The board of trade and business circles generally were startled today by the announcement that the George H. Phillips company, which became famous through its pool operations in the Chicago corn-pit during the past year, had transferred all its open trades to McReynolds & Co. At first it was rumored a large defalcation has been discovered in the examination of the books, but this proved untrue.

The lack of facilities for proper clerical needs of the concern which had acquired an enormous commission trade was, according to a statement given the Associated Press by Attorney John Goodwin, who has taken charge of the company's affairs, for the sole reason for a temporarily suspending of business.

The tangled condition of the books became apparent some time ago when the board of directors ruled the Phillips company should furnish to each member of the May corn pool a detailed account of the entire transaction.

A large force was then put to work on the books and in their efforts to straighten out the many trades it became apparent every trade on the company's books since November, 1900, would have to be checked over entailing enormous work.

As the firm's business kept increasing at a remarkable rate, the machinery of the house was found inadequate and at mid-night July 31, decided to simply transfer all trades and for the time being

and throw the business of the house in other hands until a complete new set of books had been compiled. Mr. Phillips while regretting the necessity of this action says it was absolutely the only course open to him.

"This does not mean we are quitting business," he said, "on the contrary, we shall execute all orders but will have to ask that usual margins accompany all orders until our books are checked over."

RARE CEREMONY.

Woman Travels 10,000 Miles to Be Released from Marrying.

New York, Aug. 1.—An extraordinary rare ceremony, based by the Jews directly upon the teachings of the Old Testament, has just been performed in this city when a young woman who had traveled 10,000 miles was released from the obligation of marrying her deceased husband's brother. The obligation of a woman marrying the brother of her deceased husband, according to ancient Hebrew law, arose when her husband died before children were born to the pair.

The young woman in the case is Mrs. Geolda Lacs, a young Roumanian Jewess from Bucharest. A little over three years ago she married Emanuel Lacs, when she was but 18 years old.

Within three months the husband died. All this happened in Bucharest. The brother-in-law, whom, according to the faith, the young woman must marry, is Emanuel Lacs of East Forty-ninth street, this city. Lacs was already married and, therefore, of course, could not have married the widow of his brother, even if he wanted to.

The young woman in the case is Mrs. Geolda Lacs, a young Roumanian Jewess from Bucharest. A little over three years ago she married Emanuel Lacs, when she was but 18 years old.

Within three months the husband died. All this happened in Bucharest. The brother-in-law, whom, according to the faith, the young woman must marry, is Emanuel Lacs of East Forty-ninth street, this city. Lacs was already married and, therefore, of course, could not have married the widow of his brother, even if he wanted to.

The young woman opened negotiations with her New York relations soon after the death of her husband, but her brother-in-law found it impossible to travel abroad to have the ceremony of dispensing with the obligation performed.

Without this dispensation, according to the law, the widow could not marry again. Under the circumstances the widow decided to come to America to get the desired release, and it was this ceremony which was performed in a little front room on the second floor of a tenement house on Norfolk street.

A portion of the Talmud was read by the Rabbi, who, at the end of the reading, produced a sandal of peculiar ancient pattern. It was made of two pieces of leather and was fastened with laces and two long thongs. Stooping, he fastened this to the foot of Lacs. The widow was then directed to kneel in front of the man and use only her right hand to untie the shoe. After this was done she arose, held the shoe high above her head and cast it on the floor in front of her brother-in-law. The two principals were then declared free to go their own way.

Long Denies He Will Retire.

New York, Aug. 1.—A special to The Times from Hingham, Mass., says that when asked regarding the dispatches from Washington that he expected to retire from office and would be succeeded by Governor Allen, Secretary Long said he had no expectation of retiring before the close of President McKinley's administration. "I have no plans," he said, "and my retirement is something that might come at any time, but I do not have it in view. If I should retire the navy department is open to Mr. Allen, but as he has been governor of Porto Rico, I very much doubt if he would take the office."

Big Cattle Deal.

Fort Worth, Tex., Aug. 1.—A deal for the Gus O'Keefe ranch and cattle, in Terry county, is being negotiated here. The property is owned by Swift, the Chicago packer, and includes between eight and ten thousand head of cattle. There are about 100,000 acres of leased land. The purchasers are the Victoria Cattle company of Colorado.

H. H. Robinson of Denver, is here representing the Colorado company.

Killing in Territory.

Vinita, Aug. 1.—At Campbell, I. T., Tom Toney and Jesse Lunagan were shot and killed here.

Greenville is working for the Girls' Industrial school. A Greenville dispatch of the 31st says:

Greenville is thoroughly determined to get the school here. The committee appointed at a mass meeting to canvas for subscriptions in the way of cash have been out only one day, and at a meeting held last night to report the progress being made it was announced that \$10,000 had been raised and the work had not been fairly begun. In addition, 50 acres of land have been donated.

Where do You Get Off?

It is a wise thing to know when to get off a train, but prudence would suggest that you get off when the train is standing still, as you would no doubt be worth more to your family by doing so.

Now let us help you to decide where to get off. If you are preparing to take your summer vacation, why not get off at Galveston, La Porte, Seabrook or Port Lavaca. Our trains all stop at Houston and make close connections with G. H. & N. and N. Y. T. & M. railways for points mentioned, and with the San Antonio and Aransas Pass, Railway for Rockport, Corpus Christi and Aransas Pass.

All the hotels at these points are modern in their appointments and you will find the sun bathing, boating and fishing, just what you need in the way of relaxation. Local Agents of the Houston & Texas Central Railroad will be glad to quote you rates, or you should write to

Women Who Work

Nine out of ten women are afflicted with some of the common ailments known as female diseases. Among women whose employment requires them to stand in the same position all day, not one in twenty-five escape these troubles. The average feminine constitution cannot, unaided, withstand the strain to which steady, trying work subjects them. The organs of womanhood are so delicate and finely adjusted that the inevitable result of constant standing, lifting, stooping or straining is displacement of vital parts. The disorder is usually slight at first, but soon develops into irregular or painful menstruation, leucorrhoea or falling of the womb. Wine of Cardui is the right remedy for female weakness. As such it is offered to you. Wine of Cardui will not perform miracles, but it will, if taken as directed, insure painless and regular operation of the menstrual function, it will drive out every trace of leucorrhoea, and will so strengthen the ligaments that falling of the womb will be an impossibility. Don't you think it would pay you to try a medicine with such a record as that? You can get a \$1 bottle of Wine of Cardui at any drug store and use it in the privacy of your home.

WINE OF CARDUI

Townsend, Ga., May 18, 1899.
I have been in bad health with falling of the womb, weak back, nervousness and heart palpitation. At monthly periods I would be in bed suffering great pain. Lately I have been taking Wine of Cardui and Thedford's Black-Draught, and they will bring me wonderful relief. I have no pain, and do not stop work at the monthly period.

UNKNOWN NEGRO KILLED.

Struck by a Train While Asleep on the Track—His Skull Split.

An unknown bright mulatto boy, 17 or 18 years old, and weighing about 140 pounds, was killed by No. 4 southbound passenger train at an early hour yesterday morning near the section house about five miles north of Bryan on the H. & T. C. railroad. Justice Mitchell, who visited the scene in company with Constable Baker, held an inquest.

It appears that the negro was asleep on the track with his head near one rail when he was struck and his skull split by the shoe on the cowcatcher. There was nothing on the negro by which to identify him. He wore blue jumper and overalls. By order of Justice Mitchell he was buried by the section hands near the track.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

DRAWING ABOUT OVER

Only 13,500 of the 167,006 Secure Free Homes.

FILINGS COMES NEXT

Next Tuesday Selections Must Begin and Continue Daily Until Completed—Many Will Be Disqualified to File.

El Reno, O. T., Aug. 1.—Twenty-one hundred names were drawn from each wheel in the United States land drawing Wednesday, making the grand total 8700. Today the list of prize winners will be completed. The drawing of numbers will continue until about 10,000 names for each land district are drawn from the wheels, making a total of 20,000 names. As there are about 18,500 claims in the new country the drawing of 20,000 names will go beyond the point where persons above 18,500 can get land. The remaining envelopes will draw blanks, but the commission desires to impress the public with the fairness and honesty of the drawing, every one of the 167,006 envelopes will be drawn.

When the names entitled to homesteads have been exhausted the work that follows will be merely perfunctory and will be done as rapidly as possible. Each person who registered at El Reno or Lawton will receive a postal card showing the number of his identification card as it came from the wheel.

The commissioners of the drawing are notifying by postal card each person who draws a number. The card also gives the date upon which the recipient must appear at the office of his respective land district and file his entry. The date upon which a man must appear to make entry is easily determined. In each land district 125 persons will be permitted to file daily. Those holding 1 to 125 must file August 6; 126 to 250 Aug. 7, continuing in this manner until all the homesteads in each land district are filed up.

It will require 60 days for the land office to handle that number of filings. At the expiration of that time the governor thinks there will be about 1000 claims left over, the claimants having been disqualified for various causes, and in that event there will be another drawing lasting until all the land has been taken up.

Fatal Accident.

Camden, Ark., Aug. 1.—A sad accident occurred at the home of J. D. Woods in this city. A young man named Sidney Sherrad, about 26 years old, related to the Woods family, and visiting at the home of the latter, was lying asleep on a bed when he was instantly killed by the accidental discharge of a shotgun in the hands of Eread Woods, a boy of 12 or 14 years old. The charge entered the mouth and, ranging upward, lodged in the brain. Young Woods said he was cleaning the gun, that he had borrowed, and did not know it was loaded. The coroner's jury returned a verdict in accordance with the above.

A Double Tragedy.

Helena, Ark., Aug. 1.—Details of a horrible double murder on island Sixty-six were received here when Constable John Douglass arrived on the steamer Kate Adams with two wounded prisoners, Frank Cannon and Will Kelly. Isaac Lane and wife, an aged negro couple, were shot and killed at their home and Cannon and Kelly confess to the crime. The double tragedy was the result of a falling out with Lane. Lane's wife attempted to defend her husband when he was shot, but she was driven into her room and there filled with buckshot. Cannon and Kelly would not surrender until they were wounded by pursuing officers.

Cotton Crop Condition.

New York, Aug. 1.—From a special canvass just finished by The Journal of Commerce it appears that the condition of cotton is 75. This represents a decline of 17 points compared with the same paper's special report published on July 1 and compares with condition of 76 reported by the government for Aug. 1 a year ago. The investigation was made through special correspondents whose reports cover dates from July 23 to 30.

Charged With Embezzlement.

Rome, Ga., Aug. 1.—V. T. Sanford, tax collector of Floyd county has been indicted by the grand jury upon charges of embezzlement. It is alleged in the indictment that Sanford is short \$34,249. A guaranty company of Baltimore is on Mr. Sanford's bond for \$125,000. The bond company claims they are not liable, alleging that the county authorities were negligent in checking Mr. Sanford's books.

Martial Law in Venezuela.

Washington, Aug. 1.—The state department has received a telegram from the legation at Caracas saying martial law had been declared in Venezuela, by the president in consequence of the invasion of revolutionary forces from Colombia. It is reported an army of 10,000 men will meet the invaders.

TEXAS NEWS.

May Collect Its Taxes.

Wichita Falls, Tex., Aug. 1.—On July 20 District Judge Smith of Fort Worth, sitting in chambers, granted a temporary writ of injunction upon information in a quo warranto proceeding brought in the name of the state by R. E. Taylor, district attorney, upon the relation of W. W. Flood, restraining the city of Wichita Falls from collecting its taxes. The defendant city filed its answer in the proceeding and Judge S. L. Newton of the Seymour district (Judge Corrigan being disqualified) considered the demurrers presented by the city to the information, sustained the same, dissolved the injunction, and the state declining to amend, judgment was rendered declaring the validity of the city's incorporation. Notice of appeal was given.

Selected to Kill the Czar.

Paterson, N. J., Aug. 1.—An inquiry among the members of the anarchist group in this city in regard to the man arrested at Zurich reveals that a man named Amiel Galloippi was formally connected with the anarchists here and was well known among them. He was employed as a weaver in the Paragon silk mill in this city. It was stated by a member of the group that Galloippi sailed with Bresci, Lanni and Quantavillo when they departed on their mission of assassination. Galloippi had been selected by the anarchists to kill Nicholas, czar of Russia, and had accepted the mission. He was known as a determined man and one who would be likely to take desperate chances to accomplish his purpose.

His Body Crushed.

El Paso, Tex., Aug. 1.—William Zinn, 24 years old, a grocery clerk, who came from Big Springs, was almost instantly killed here while endeavoring to stop a runaway team attached to a transfer wagon. Zinn was walking along the street when he saw the horses running at full speed. He ran after them and endeavored to spring into the wagon. Falling in this he seized one of the lines and gripped it so tight that the team turned across the street, crushing the young man's body between the wagon bed and a telephone pole. He was mangled and never spoke after being picked up.

Using Texas Tobacco.

Waco, Tex., Aug. 1.—Nathan Patten, deputy collector of the Waco division of the third internal revenue district of Texas, finds that the business of manufacturing cigars of Texas tobacco is on the increase. In a group of 40 counties returnable to Waco there are 15 such plants all doing a thriving business. Deputy Collector Patten has just completed a tour of his district and predicts that the tobacco interest of Texas will make a long stride forward during the present year.

The Girls' Industrial School.

Greenville, Tex., Aug. 1.—Greenville is thoroughly determined to get the Girls' Industrial school here. The committee appointed at a mass meeting to canvass for subscriptions in the way of cash has been out only one day and at a meeting held to report the progress being made it was announced that \$10,000 had been raised and the work had not been fairly begun. In addition 50 acres of land have been donated.

The Mouse Is Trained.

Denison, Tex., Aug. 1.—A watchmaker here has a mouse in his show window that is a novelty in its way of rodents. The mouse catches all the flies that comes its way and lunches off of them with as much gusto as if they were made of cheese. The watchmaker takes care of the mouse and furnishes it with water and flies are the food for its subsistence.

Fight Among Mexicans.

San Antonio, Aug. 1.—A desperate fight took place between Mexicans near Rio Grande City. Loretta Conoles and Jose Paes were killed and Juan Garcia fatally wounded. The man who with Garcia killed the first two named escaped across the Rio Grande, but was captured and is now in jail.

Drowned in Oil.

Dallas, Aug. 1.—While inspecting a sheet metal tank containing Beaumont crude petroleum at the Dallas cotton mills Wednesday afternoon, Gus Wiley was overcome by gas arising from the surface and lost his life by falling into the oil, where he was drowned.

Run Over by a Train.

Tyler, Tex., Aug. 1.—Henry Abrams, an employee of the Cotton Belt railroad, was killed in the Cotton Belt switch yards here by train. He was about 31 years old and formerly lived in Arka-delia, Ark.

Brewery President Arrested.

New York, Aug. 1.—John Dorches, ex-president and trustee of the Malcolm Brewing company, was arrested in Brooklyn on a sheriff's attachment for alleged failure to account for between \$30,000 and \$40,000 of the company's funds. Dorches had been ordered by the supreme court to make an accounting. Failure to do so, it is said, made him subject to arrest.

HELD UP THE TRAIN. SCHLEY TURNED DOWN

Masked Men in Indiana Stop a Train Near Chicago.

OBTAI N NO MONEY.

They Cut Out the Wrong Cars and Blow up a Mail Car for the Express Car—The Mistake Saved \$50,000 Cash.

Chicago, Aug. 1.—The Baltimore and Ohio passenger train from the east was held up by five masked men at 6 o'clock last night between Edgemore and Grand Calumet Heights, Ind., 30 miles out of Chicago. One of the mail cars which contained no money was dynamited and wrecked.

The attempt at robbery was made after the two mail cars had been detached from the train and run a quarter of a mile ahead. The failure of the robbers to make a rich haul was due to the fact that the express car, which contained the train's treasure was in an unusual place. It was the third car in the train.

After wrecking the mail car and obtaining no booty the robbers disappeared without attempting to rectify their mistake. The only loot they carried away with them as a result of their adventure was a gold watch of the engineer. Most of the trainmen were shot at and had narrow escapes from the bullets. No person was injured.

The place where the robbery occurred is a lonely district in which few people live and houses are far between.

The train was running at a high rate of speed as it passed Calumet Heights and immediately after passing the station Engineer Collins saw directly in front of his engine a large fire on which some rails had been placed. He slowed down, as he did so three men wearing masks over their faces jumped into the cab and covered Collins and his fireman James Whipple, with revolvers.

Just before climbing into the cab the three men commenced to fire with their revolvers in order to frighten away all assistance. The shots produced a panic in the sleeping cars, where the passengers made every effort to hide their money and valuables, before the robbers could get at them. No attempt was made to rob any of the passengers. The fusillade had the effect of making them keep inside the cars.

Local express officers refused to say how much money there was in the car. It is estimated that \$50,000 was stored in the express car and it is believed the robbers knew of the large amount of money and valuables aboard.

Some Suspects Arrested.

Chicago, Aug. 1.—Detectives hunting for the men who held up the Baltimore and Ohio limited 30 miles from Chicago, arrested three men in the woods east of Miller's Station, Ind. They were hovering around a bonfire when seen. They gave their names as Edward McCoy, John Becker and Albert Israelson, and all declared that they were sailors. At Albion, Ind., four other men were taken in charge by officers as suspects. The holdup occurred between Miller's Station and Edgemore, Ind., and the country for miles around is scoured by squads of officers.

Three Bystanders Wounded.

Denver, Aug. 1.—During a street duel here between Barney and Sam Boyce, brothers of Denver, on one side, and Charles Jasper of Texas on the other, three bystanders were wounded, although none of the principals were hurt. The cause of the fight was a trivial quarrel. The fight occurred on one of the busiest corners in the city.

Sheridan May Be Pardoned.

Havana, Aug. 1.—It is expected the military government will grant a full pardon to John Sheridan, convicted of misappropriation of Cuban postal funds. The secretary of justice has reported favorably upon his application for clemency.

Electoral Bill Adopted.

Havana, Aug. 3.—After a lively debate the Cuban constitutional convention adopted the electoral bill as submitted by the commission as a whole. Discussion of the various articles will now begin.

Typhoid Fever Epidemic.

Chicago, Aug. 1.—Typhoid fever is on the increase in Chicago, and the health officials are inclined to trace it directly to the bathing beaches which have been recently opened, and to the recent rains.

NEWS IN BRIEF.

Improvements to cost \$75,000 will be made soon in the St. Joseph, Mo., custom house.

John Findley died at Deming, N. M., from wounds inflicted by John Milton.

Reuben Hill of Richmond, Ky., has been acquitted on a charge of shooting U. S. Cates.

The annual meeting of the state secretaries of the Southern Baptist convention is in progress at Nashville, Tenn.

His Request for Modification of the Specification Denied.

THE REASON GIVEN.

The Department Alleges That Schley Acknowledged He Had Disobeyed Orders, Therefore the Demand Was Not Granted.

Washington, Aug. 1.—The navy department has refused to accede to Admiral Schley's suggestion that the language in the fifth specification of the precept to the court of inquiry be modified. The admiral in his letter challenges that specification which states as a fact he had disobeyed orders and suggested it be modified. The department in reply declines to make the suggested modification on the ground that according to official records Admiral Schley himself acknowledged he had disobeyed orders. The disobedience of orders was an established fact, whether unwillingly or willingly.

Two Soldiers in Trouble.

Atlanta, Aug. 1.—Two United States soldiers, stationed at Fort McPherson barracks, went to the home of Julia Whitfield, a respectable woman, living near the fort Wednesday night and after driving her from the house set fire to it. The house occupied by the woman and an adjoining house which was vacant burned to the ground. One of the soldiers was traced to Fort McPherson. The officer of the day placed him under arrest. The identity of the other soldier has not yet been discovered. The attack on the woman is said to have been entirely unprovoked. The crime of arson is a hanging one in Georgia.

Charged With Mayhem.

Muncie, Ind., Aug. 1.—The police have arrested Peter Tillberry for throwing carbolic acid in the face of Mary Torrence at the home of Kate Phinney, and the man was jailed on the charge of mayhem, which is punishable with a penitentiary sentence of 2 to 14 years. His victim will lose but one eye from the assault. The man is 48 and wanted the woman, who is the same age, to marry him. She refused and dashed the acid into her face. He claims he was drunk.

Lawson Makes a Big Offer.

Newport, R. I., Aug. 1.—If the tale circulated among yachtsmen here is true, Thomas Lawson has promised his crew \$100,000 if the Independence defeated the Constitution and the Columbia. The Constitution being out of the race, it is declared the offer holds for the defeat of the Columbia alone in the present series. This extraordinary amount of race money would give each member of the crew about \$3000.

Manila Harbor Improvement.

Manila, Aug. 1.—Of the five bidders for the improvement to Manila harbor, two were not entertained because of non-compliance with conditions. The Atlantic-Gulf Pacific Dredging company was apparently the lowest, for work exclusive of the dredging of the Pasig river, the bid being approximately \$1,950,000. The figures for rock work considered high.

Telegraph Line to Dawson.

Ottawa, Ont., Aug. 1.—Direct communication by telegraph between Ottawa and Dawson City has been established. The several sections of line to complete the system are from Ashcroft to Quesnel, 220 miles; from Quesnel to Hazelton, 400 miles; Hazelton to Telegraph Creek, 350 miles and 570 miles from Atlin to Dawson, making in all 1754 miles of line.

Clearing Country of Boers.

London, Aug. 1.—The military situation is slowly but surely improving for British clearance operations. The various columns are emptying one district after another and the Boer bands are being decimated by slaughter and capture of stragglers. It is estimated the British are feeding 36,000 prisoners and nearly 30,000 refugees.

San Francisco Strike.

San Francisco, Aug. 1.—The third day of the strike opened with no decisive change in the situation, though the outlook for a settlement has improved. The City Front Federation, which controls the men now out, has submitted a basis for the reestablishment of peace propositions, which it is hoped will be accepted by employers.

May Visit Ireland.

London, Aug. 1.—It is believed the king and queen will visit Ireland next April, and probably will open the international exhibition which is being organized in Cork. The king has already paid six or seven visits to Ireland. He first went there with his parents in 1843 and his last visit was in 1885.

FRIDAY, AUGUST 2, 1901.

Mr. and Mrs. Decker of New York are coming to Texas on an automobile, their destination being Beaumont.

The Southern Pacific (which includes our own H. & T. C.) will use oil for fuel, beginning right away to prepare for it. This will stop the smoke and soot nuisances, and is oil right.

Navasota received her first bale of cotton Wednesday the 31st, two days after Bryan's first bale. It was taken in by Thomas Gould, who has sold the first bale of cotton for four consecutive years.

A Memphis paper well says that Admiral Sampson could have taken a dispatch boat and gone away in it, leaving the New York in firing distance when the Spaniards came out. Schley made no such blunder, and Sampson's act seems inexcusable in the light of what might have been expected to happen, and what actually did occur.

The medical world has fought microbes and germs for so many years; has had swamps drained and garbage burned and invented microbe poisons and germicides innumerable, but has just now found out where the trouble lies—that the mosquito has been the main instrument in propagating fevers. The mosquito is now to be suppressed.

PORTE RICO CONDITIONS.

Money Scarce, but the People Are Gradually Forging Ahead.

New York, Aug. 1.—Frederick L. Cornwell, the only American holding an elective office in Porto Rico, is in the city with a party of Porto Rican merchants and financiers. Mr. Cornwell is a young Missourian. He has been elected to the lower branch of the Porto Rican legislature, which is composed of 35 members, and he is chairman of the judiciary committee. He is a member of the law firm of Holton & Cornwell of San Juan and Mayaguez.

One of the men in the party with Mr. Cornwell is S. O. Charpentier, president of the French railway in Porto Rico. Mr. Charpentier is here to consult with the Havemeyers relative to the establishment of a great central sugar factory near Arecibo.

"This year," said Mr. Cornwell, "the sugar crop was worth \$3,000,000. Last year it amounted to only \$5,000,000. Next year it will probably be worth \$12,000,000."

"There is no money on the island. The circulation is \$1.75 per capita. There is great want, as Porto Rico has not yet recovered from the terrific cyclone. It destroyed fully one-half the coffee plantations. This year we will have a 60 per cent coffee crop."

Tobacco growers have not been encouraged since the American occupation. They turn out cigars there for \$6.100 that cannot be equalled here for \$12. When the business is properly pushed the Porto Rican cigar will crowd the Havanas out of the market here.

"We have 850 public schools now in operation, and the children are being taught English as well as Spanish. Few Porto Ricans speak English. In the lower branch of the legislature all the debates are in Spanish."

"There are fewer Americans on the island than there were a year ago, but most Americans who went there with capital have done well."

THE OLD VERMONT.

She Will Be Towed Out to Sea and Destroyed by Fire.

New York, Aug. 1.—While the decision of the navy department as to what disposition shall be made of the receiving ship Vermont, now stationed at the Brooklyn navy yard, has not been announced, it is considered probable that the hulk will be towed out to sea and burned. The vessel has been in service at the yards for many years and the announced decision of the department that she is unfit for use and soaked with disease germs marks the closing of a record of usefulness.

The Vermont brought with her to Brooklyn one of the most glorious records of any of the old sailing frigates of the navy of which the Franklin, Wabash, Independence and Richmond are types, and she bears the scars of many a conflict.

The Columbia which is to replace the Vermont cannot accommodate as many men as the Vermont and therefore the department will have to make other plans for handling new recruits at the navy yard. It is thought that permanent barracks will be built on shore.

The Ticket Nominated.

Columbus, Aug. 1.—The following ticket was nominated last night by the Democratic party under the leadership of Mr. Groot:

Governor—Dr. Rudolph Reemelin.
Lieutenant governor—Henry C. Cordey.

Supreme judge—Rial M. Smith.
State treasurer—J. C. Sheppard.

Attorney general—S. L. Clark.
Clerk supreme court—Chas. Bonsall.
Member of the board of public works—R. B. Connell.

The only one of the nominees in attendance at the convention was Dr. Connell, who lives in Columbus.

It was decided to call the organization "The Progressive Democratic Party."

Clark Will Not Accept.

Youngstown, O., Aug. 1.—Stephen Clark, nominated for attorney general on the Groot Democratic ticket when asked if he would accept the nomination said: "Not any of it in mine. I was not aware my name was being used and my name will not appear on the ticket as I am not in sympathy with the movement."

Bombarding for Rain.

Lincoln, Neb., Aug. 1.—Four miles northeast of this city 24 mortars posted on a 20-acre tract are being fired at minute intervals in the hope that the result will be a downfall of rain. W. F. Wright, former deputy food commissioner is the manager of the enterprise. Mr. Wright is the originator of the "special vibration" theory of rain making and for several years has unsuccessfully espoused a legislation appropriate to put his theory into practice. Mr. Wright says he will continue the bombardment until rain comes or he has exhausted his supply of several thousand rounds of gunpowder.

Charged With a Killing.

Ardmore, I. T., Aug. 1.—Deputy Marshal Brock arrested and lodged John Thrasher and Will Edwards in jail here on a charge of killing Frank Frazer at Atleo on July 23. The men were later released on bond.

More Anti-Foreign Demonstrations.

Canton, Aug. 1.—Violent anti-foreign placards emanating from the boxers have been posted in the vicinity of the Christian chapels. Placards protest against the imposition of the house tax.

Church Commission Dissolved.

Havana, Aug. 1.—The commission appointed to consider church claims to property in Havana and Santiago has been dissolved.

THE BOOKS TANGLED.

Phillips Company Transfers Its Holdings to Another Firm.

Chicago, Aug. 1.—The board of trade and business circles generally were startled today by the announcement that the George H. Phillips company, which became famous through its pool operations in the Chicago corn-pit during the past year, had transferred all its open trades to McReynolds & Co. At first it was rumored a large defalcation had been discovered in the examination of the books, but this proved untrue.

The lack of facilities for proper clerical needs of the concern which had acquired an enormous commission trade was, according to a statement given the Associated Press by Attorney John Goodwin, who has taken charge of the company's affairs, for the sole reason for a temporarily suspending of business.

The tangled condition of the books became apparent some time ago when the board of directors ruled the Phillips company should furnish to each member of the May corn pool a detailed account of the entire transaction. A large force was then put to work on the books and in their efforts to straighten out the many trades it became apparent every trade on the company's books since November, 1900, would have to be checked over entailing enormous work.

As the firm's business kept increasing at a remarkable rate, the machinery of the house was found inadequate and at midnight July 31, decided to simply transfer all trades and for the time being

and throw the business of the house in other hands until a complete new set of books had been compiled.

Mr. Phillips while regretting the necessity of this action says it was absolutely the only course open to him.

"This does not mean we are quitting business," he said, "on the contrary, we shall execute all orders but will have to ask that usual margins accompany all orders until our books are checked over."

RARE CEREMONY.

Woman Travels 10,000 Miles to Be Released from Marrying.

New York, Aug. 1.—An extraordinary rare ceremony, based on the teachings of the Old Testament, has just been performed in this city when a young woman who had traveled 10,000 miles was released from the obligation of marrying her deceased husband's brother. The obligation of a woman marrying the brother of her deceased husband, according to ancient Hebrew law, arose when her husband died before children were born to the pair.

The young woman in the case is Mrs. Geodda Lacs, a young Roumanian Jewess from Bucharest. A little over three years ago she married Emanuel Lacs, when she was but 18 years old.

Within three months the husband died. All this happened in Bucharest. The brother-in-law, whom, according to the faith, the young woman must marry, is Manuel Lacs of East Forty-ninth street, this city. Lacs was already married and, therefore, of course, could not have married the widow of his brother, even if he wanted to.

The young woman opened negotiations with her New York relations soon after the death of her husband, but her brother-in-law found it impossible to travel abroad to have the ceremony of dispensing with the obligation performed.

Without this dispensation, according to the law, the widow could not marry again. Under the circumstances the widow decided to come to America to get the desired release, and it was this ceremony which was performed in a little front room on the second floor of a tenement house on Norfolk street.

A portion of the Talmud was read by the Rabbi, who, at the end of the reading, produced a sandal of peculiar ancient pattern. It was made of two pieces of leather and was fastened with lathes and two long thongs. Stooping, he fastened this to the foot of Lacs. The widow was then directed to kneel in front of the man and use only her right hand to untie the shoe. After this was done she arose, held the shoe high above her head and cast it on the floor in front of her brother-in-law.

The two principals were then declared free to go their own way.

Long Denies He Will Retire.

New York, Aug. 1.—A special to The Times from Hingham, Mass., says that when asked regarding the dispatches from Washington that he expected to retire from office and would be succeeded by Governor Allen, Secretary Long said he had no expectation of retiring before the close of President McKinley's administration. "I have no plans," he said, "and my retirement is something that might come at any time, but I do not have it in view. If I should retire the navy department is open to Mr. Allen, but as he has been governor of Porto Rico, I very much doubt if he would take the office."

Big Cattle Deal.

Fort Worth, Tex., Aug. 1.—A deal for the Gus O'Keefe ranch and cattle, in Terry county, is being negotiated here. The property is owned by Swift, the Chicago packer, and includes between eight and ten thousand head of cattle. There are about 100,000 acres of leased land. The purchasers are the Victoria Cattle company of Colorado. H. H. Robinson of Denver is here representing the Colorado company.

Killing in Territory.

Vineta, Aug. 1.—At Campbell, I. T., Tom Toney and Jesse Lunagan were shot and killed here.

Greenville is working for the Girls' Industrial school. A Greenville dispatch of the 31st says:

Greenville is thoroughly determined to get the school here. The committee appointed at a mass meeting to canvas for subscriptions in the way of cash have been out only one day, and at a meeting held last night to report the progress being made it was announced that \$10,000 had been raised and the work had not been fairly begun. In addition, 50 acres of land have been donated.

Where do You Get Off?

It is a wise thing to know when to get off a train, but prudence would suggest that you get off when the train is standing still, as you would no doubt be worth more to your family by doing so.

Now let us help you to decide where to get off. If you are preparing to take your summer vacation, why not get off at Galveston, La Porte, Seabrook or Port Lavaca. Our trains all stop at Houston and make close connections with G. H. & N. and N. Y. T. & M. railways for points mentioned, and with the San Antonio and Aransas Pass Railway for Rockport, Corpus Christi and Aransas Pass.

All the hotels at these points are modern in their appointments and you will find the sun bathing, boating and fishing, just what you need in the way of relaxation. Local Agents of the Houston & Texas Central Railroad will be glad to quote you rates, or you should write to

UNKNOWN NEGRO KILLED.

Struck by a Train While Asleep on the Track—His Skull Split.

An unknown bright mulatto boy, 17 or 18 years old, and weighing about 140 pounds, was killed by No. 4 southbound passenger train at an early hour yesterday morning near the section house about five miles north of Bryan on the H. & T. C. railroad. Justice Mitchell, who visited the scene in company with Constable Baker, held an inquest.

It appears that the negro was asleep on the track with his head near one rail when he was struck and his skull split by the shoe on the cowcatcher. There was nothing on the negro by which to identify him. He wore a blue jumper and overalls. By order of Justice Mitchell he was buried by the section hands near the track.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

DRAWING ABOUT OVER

Only 13,500 of the 167,000 Secure Free Homes.

FILINGS COMES NEXT

Next Tuesday Selections Must Begin and Continue Daily Until Completed—Many Will Be Disqualified to File.

El Reno, O. T., Aug. 1.—Twenty-one hundred names were drawn from each wheel in the United States land drawing Wednesday, making the grand total 8700. Today the list of prize winners will be completed. The drawing of numbers will continue until about 10,000 names for each land district are drawn from the wheels, making a total of 20,000 names. As there are about 13,500 claims in the new country the drawing of 20,000 names will go beyond the point where persons above 13,500 can get land. The remaining envelopes will draw blanks, but the commission desires to impress the public with the fairness and honesty of the drawing, every one of the 167,000 envelopes will be drawn.

When the names entitled to homesteads have been exhausted the work that follows will be merely perfunctory and will be done as rapidly as possible. Each person who registered at El Reno or Lawton will receive a postal card showing the number of his identification card as it came from the wheel.

The commissioners of the drawing are notifying by postal card each person who draws a number. The card also gives the date upon which the recipient must appear at the office of his respective land district and file his entry. The date upon which a man must appear to make entry is easily determined. In each land district 125 persons will be permitted to file title. Those holding 1 to 125 must file Aug. 6; 126 to 250 Aug. 7, continuing in this manner until all the homesteads in each land district are filed upon.

It will require 60 days for the land office to handle that number of filings. At the expiration of that time the governor thinks there will be about 1000 claims left over, the claimants having been disqualified for various causes, and in that event there will be another drawing lasting until all the land has been taken up.

Fatal Accident.

Camden, Ark., Aug. 1.—A sad accident occurred at the home of J. D. Woods in this city. A young man named Sidney Sherrad, about 28 years old, related to the Woods family, and visiting at the home of the latter, was lying asleep on a bed when he was instantly killed by the accidental discharge of a shotgun in the hands of Breard Woods, a boy of 12 or 14 years old. The charge entered the mouth and, ranging upward, lodged in the brain. Young Woods said he was cleaning the gun, that he had borrowed, and did not know it was loaded. The coroner's jury returned a verdict in accordance with the above.

Double Tragedy.

Helena, Ark., Aug. 1.—Details of a horrible double murder on island Sixty-six were received here when Constable John Douglass arrived on the steamer Kate Adams with two wounded prisoners, Frank Cannon and Will Kelly. Isaac Lane and wife, an aged negro couple, were shot and killed at their home and Cannon and Kelly confess to the crime. The double tragedy was the result of a falling out with Lane. Lane's wife attempted to defend her husband when he was shot, but she was driven into her room and there filled with buckshot. Cannon and Kelly would not surrender until they were wounded by pursuing officers.

Cotton Crop Condition.

New York, Aug. 1.—From a special canvass just finished by The Journal of Commerce it appears that the condition of cotton is 75.3. This represents a decline of 17 points compared with the same paper's special report published on July 1 and compares with a condition of 76 reported by the government for Aug. 1 a year ago. The investigation was made through special correspondents whose reports cover dates from July 23 to 30.

Charged With Embezzlement.

Rome, Ga., Aug. 1.—V. T. Sanford, tax collector of Floyd county has been indicted by the grand jury upon charges of embezzlement. It is alleged in the indictment that Sanford is short \$34,249. A guaranty company of Baltimore is on Mr. Sanford's bond for \$125,000. The bond company claims they are not liable, alleging that the county authorities were negligent in checking Mr. Sanford's books.

Martial Law in Venezuela.

Washington, Aug. 1.—The state department has received a telegram from the legation at Caracas saying martial law had been declared in Venezuela, by the president in consequence of the invasion of revolutionary force from Colombia. It is reported an army of 10,000 men will meet the invaders.

TEXAS NEWS.

Wichita Falls, Tex., Aug. 1.—On July 20 District Judge Smith of Fort Worth, sitting in chambers, granted a temporary writ of injunction upon information in a quo warrant proceeding brought in the name of the state by R. E. Taylor, district attorney, upon the relation of W. W. Flood, restraining the city of Wichita Falls from collecting its taxes. The defendant city filed its answer in the proceeding and Judge S. L. Newton of the Seymour district (Judge Corrigan being disqualified) considered the demurrers presented by the city to the information, sustained the same, dissolved the injunction, and the state declining to amend, judgment was rendered declaring the validity of the city's incorporation. Notice of appeal was given.

Selected to Kill the Czar.

Paterson, N. J., Aug. 1.—An inquiry among the members of the anarchist group in this city in regard to the man arrested at Zurich reveals that a man named Amiel Galloppi was formally connected with the anarchists here and was well known among them. He was employed as a weaver in the Paragon silk mill in this city. It was stated by a member of the group that Galloppi sailed with Bresci, Lanni and Quantavillo when they departed on their mission of assassination. Galloppi had been selected by the anarchists to kill Nicholas, czar of Russia, and had accepted the mission. He was known as a determined man and one who would be likely to take desperate chances to accomplish his purpose.

His Body Crushed.

El Paso, Tex., Aug. 1.—William Zinn, 24 years old, a grocery clerk, who came from Big Springs, was almost instantly killed here while endeavoring to stop a runaway team attached to a transfer wagon. Zinn was walking along the street when he saw the horses running at full speed. He ran after them and endeavored to spring into the wagon. Falling in this he seized one of the lines and gripped it so tight that the team turned across the street, crushing the young man's body between the wagon bed and a telephone pole. He was mangled and never spoke after being picked up.

Using Texas Tobacco.

Waco, Tex., Aug. 1.—Nathan Patten, deputy collector of the Waco division of the third internal revenue district of Texas, finds that the business of manufacturing cigars of Texas tobacco is on the increase. In a group of 40 counties returnable to Waco there are 15 such plants all doing a thriving business. Deputy Collector Patten has just completed a tour of his district and predicts that the tobacco interest of Texas will make a long stride forward during the present year.

The Girls' Industrial School.

Greenville, Tex., Aug. 1.—Greenville is thoroughly determined to get the Girls' Industrial school here. The committee appointed at a mass meeting to canvass for subscriptions in the way of cash has been out only one day and at a meeting held to report the progress being made it was announced that \$10,000 had been raised and the work had been fairly begun. In addition 60 acres of land have been donated.

The Mouse Is Trained.

Denison, Tex., Aug. 1.—A watchmaker here has a mouse in his show window that is a novelty in its way of rodents. The mouse catches all the flies that comes its way and lunches off of them with as much gusto as if they were made of cheese. The watchmaker takes care of the mouse and furnishes it with water and flies are the food for its subsistence.

THOSE OBSERVATION SLEEPERS

run via "THE DENVER ROAD"

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is fair and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. It is a fact—"You Don't Have to Apologize for Riding on THE DENVER ROAD."
